# DEDICATION

**Jo Ann Korhonen, where do we even start? What haven't you done for us throughout these four years? You've always been there when we need a bright smile in our day and you know just how to make us happy no matter what. When you see us walking around campus you give us a warm hug for no reason at all other than that you genuinely want to. You helped me plan out Junior Four Point and prepare myself mentally and physically for a journey that no diabetic had ever completed at Gould Academy. Then you greeted us with a loving hug when we returned and washed and dried our socks that reeked of Gold Bond and stale sweat. You tell any and all of us we're beautiful at any given time of the day. You'd go to Rite Aid any day for us to pick up that prescription that we desperately need without a problem. You always brighten up our days and we won't ever forget your kind words. We'll always remember just who to run to when we need that little pick-me-up email. We can't thank you enough for everything you've done for us; we will miss you and think of you daily in the next chapter of our lives.**

It seems strange that I am writing this, but I think I am ready to finally accept that I am

done with high school. Looking back, I realize that I have learned and experienced

many things while at Gould. The things I have learned are not just things from the classroom or sports

though, but about and from myself. I have learned to push myself beyond my comfort zone and

have found that I am capable of great things because of it. Gould has also shown me the joy of

riding bikes. I am very grateful for this opportunity, but it wouldn't have been possible with out

the help of my family. So thank you Mom, Dad, Meme, Papa, Grandpa and

Grandma (may your rest in peace), Jackie, and Hilary, I really couldn't have

done it with out your many forms of support. I would also like to thank all my

friends from Gould, Falmouth, Sunday River, and the road, times have been

good. Just remember to keep your heads up, no matter how hard the road

ahead may be.

Thanks to all for providing me with this wonderful experience!

Thanks for  
everything Mom  
and Dad. You gave  
up everything for  
my snowboarding  
and school, and I  
owe everything to  
you

Thanks Coach Davies for all  
the great winters

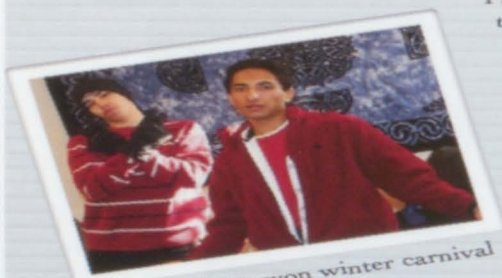

Thanks to  
all my  
friends for  
being there

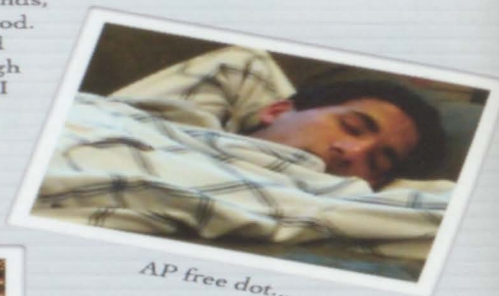

Never thought I'd say this but these years have gone by fast!

I've had an incredible time, and  
I am definitely going to miss my friends,  
the DSL, and life here, it's been good.

Thank you to my mom, dad, and  
Chelli for helping me grow through  
these years, I would not be who I  
am today without you guys.

## Kelsie and Shelby <3

So let's make this very clear. When you combine the awesomeness of a narwhal from the UP and a polar bear from Maine, you get something **TOTALLY AWESOME.**

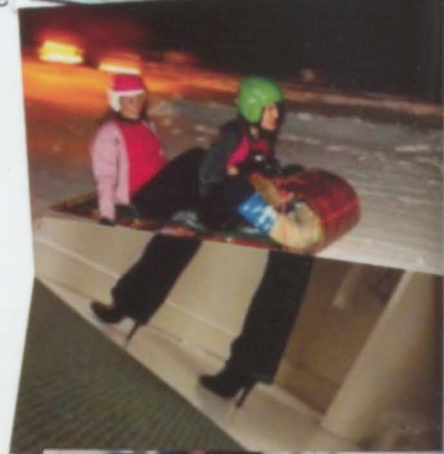

From learning to walk in four inch heels (something that Shelby mastered after the second attempt) to having Kelsie roll in Shelby's unmade bed (a habit that continues to this day), both of us can honestly say our lives are a little bit more enjoyable with each other. The second floor lounge became the home of two very best friends.

- Just Dance (and our Ke\$ha impersonation attempts caught on flip)
- A Very Potter Musical (and SEQUEL!)
- Blogging
- Stumbling
- Photo Booth(ing)
- Coloring parties and a very possessed Minty watching over Shelby's bed....
- Bedtime stories lasting into the night
- Out-pinking everyone in winter carnival
- Wax room adventures

If I took the time to thank everyone who has ever helped me I'd be here all night. So I am going to put everything in a nutshell.

~To my family: You gave me the option of attending Gould. You backed me up when it came time to decide. You will never know how much that has changed me for the better and I love you.

~To the faculty: Everyone one of you pushed me to be the best I could be in the classroom and on the field. Madame and Mr. Leff: you two have become like second parents to me, I'll miss and am glad that I got to know you both. To Mr. Manning and Jefe: you allowed me to join Ski Patrol with no idea how to ride a snowboard or skis. You gave the chance to become the confident snowboarder, ski patroller, and person that I am today. I will never be able to thank you enough, and I will be forever grateful to both of you. THANK YOU!

~Lastly to my friends past and present: You guys made life here one heck of a ride. You were there for me even when you didn't know it. When we had laughs, boy did we have laughs. You all made life bearable and you'll never know how much I love you. Don't worry, this isn't the last you'll see of me, I'm not that easy to get rid of. Again thank you to all! I got to go but remember, life goes on! LOVE YOU ALL!

~Elise Berry

~There is only one passion, the passion for happiness. -Denis Diderot  
Gould has helped me find this passion. I have pushed myself to be the best that I can be. I can't thank Gould Academy enough for the life lessons it has taught me.

~Thank you Mom, Dad, and Nicole. You have supported me the whole way through.

~Robbie Leeson, this year has gone by so fast! We had some amazing moments together. You were always there to support me. You know how to make me laugh and you know how to make the worst situations become the best solutions.

~Vicki MacDonald- There is not much I can say except for University of Maine at Farmington Class of 2015!

~ Katherine Scott- "Double rainbow" or "Quick! Hide in my closet the teacher is coming!" Next year, the shenanigans level were decrease. I will miss you guys.

~Andrew Nesbitt- We had three snowballs, two lockdowns, and shared one whole bottle of Nutella. You are one of the most inspirational friends in my life. You inspire me to work to be better.

~Shelby Aseltine and Hailey Sarauskay: I am so glad that I met you two this year. You two are the most understanding people I know.
